

INDEPENDENT SCHOOL DISTRICT 271  
Bloomington, Minnesota

**REQUEST FOR SCHOOL BOARD ACTION**

DATE OF BOARD MEETING: January 28, 2019

SUBJECT: Terra Technologies LLC, 35W/106th Street Bridge Project Agreement

ORIGINATING DEPARTMENT: Technology and Information Services

APPROVAL OF ADMINISTRATIVE: John Weisser  
CABINET MEMBER: Executive Director of Technology and Information Services

---

RESOLUTION FOR BOARD TO ADOPT:

RESOLVED, that the School Board of Independent School District 271 approves the 35W River Bridge - 106th Street Joint Trench project agreement with Terra Technologies LLC. The term of the agreement is three years.

RECOMMENDATION OF SUPERINTENDENT:

Approve. 

DETAILED BACKGROUND:

Interstate 35W construction requires the movement of Bloomington Public School fiber optic cable under the 106th Street underpass.

Terra Technologies LLC, working with the City of Bloomington, is the contractor coordinating cable movement for Bloomington Public Schools, Century Link, Zayo and AT&T, all of whom will share a common trench under the 106th Street roadway at the underpass.

The fiber optic cable connects the Education Service Center to Kennedy High School and is critical to network redundancy. Estimated cost for Bloomington Public Schools' portion of the project is \$73,286.31.

The District's legal counsel and insurance agent of record have reviewed the agreement.
